

# PI 3300 PI 3300

## Machine Dimensions Genel Ölçüler

## Specifications Özellikler

### Teknik Özellikler Technical Properties

|                                      |                 |
|--------------------------------------|-----------------|
| Çalışma Ağırlığı<br>Operating Weight | 17.500 kg       |
| Bıçak Ölçüsü<br>Blade Dimensions     | 3660 mm         |
| Lastikler<br>Tires                   | 13 x 24 - 12 PR |

### Hidrolik Sistem Hydraulic System

|                                       |                                                                                                                                                                                                           |
|---------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Tip<br>Type                           | 2 Elemanlı Hidrolik Distribütör Basınç Emniyet, Antişok ve Antikavitasyon Valfleri ile komple<br>Hydraulic Distributor with 2 sections complete with Relief Pressure, Antishock and Anticavitation Valves |
| Pompa Tipi<br>Pump Type               | Pistonlu Pompa<br>Piston Pump                                                                                                                                                                             |
| Çalışma Basıncı<br>Operating Pressure | 140 bar                                                                                                                                                                                                   |
| Kapasite<br>Flow Rate                 | 80 lt per min                                                                                                                                                                                             |

### Direksiyon Sistemi Steering System

|                                       |                                                |
|---------------------------------------|------------------------------------------------|
| Direksiyon Sistemi<br>Steering System | Hydrostatik direksiyon<br>Hydrostatic Steering |
| Pompa Tipi<br>Pump Type               | Dişli<br>Gear                                  |
| Çalışma Basıncı<br>Operating Pressure | 90 bar                                         |
| Kapasite<br>Flow Rate                 | 40 lt per min                                  |
| Dönüş Yarıçapı<br>Steering Radius     | 8000 mm                                        |

### Şanzıman

### Transmission

|              |                                  |           |
|--------------|----------------------------------|-----------|
| Tip<br>Type  | Powershift                       |           |
| Hız<br>Speed | 1. Vites<br>1 <sup>st</sup> Gear | 4,8 km/h  |
| Hız<br>Speed | 2. Vites<br>2 <sup>nd</sup> Gear | 7,4 km/h  |
| Hız<br>Speed | 3. Vites<br>3 <sup>rd</sup> Gear | 11,8 km/h |
| Hız<br>Speed | 4. Vites<br>4 <sup>th</sup> Gear | 18,2 km/h |
| Hız<br>Speed | 5. Vites<br>5 <sup>th</sup> Gear | 31,6 km/h |
| Hız<br>Speed | 6. Vites<br>6 <sup>th</sup> Gear | 43,4 km/h |

### Motor

### Engine

|                       |                                            |
|-----------------------|--------------------------------------------|
| Tip<br>Type           | Diesel                                     |
| Hacim<br>Displacement | 8300 cm <sup>3</sup> 6 silindir - cylinder |
| Güç<br>Power          | 184 kW (250 HP) @ 3500 rpm                 |
| Tork<br>Torque        | 966 Nm @ 1200 - 1250 rpm                   |

### Akslar

### Axels

|                                              |                                            |
|----------------------------------------------|--------------------------------------------|
| Tip<br>Type                                  | 6 x 4 Yürüyüş Düzeni<br>6 x 4 Wheel Drive  |
| Ön Aks Osilasyonu<br>Front Axles Oscillation | ± 18°                                      |
| Arka Aks<br>Rear Axle                        | Planet Redüksiyonlu<br>Planetary Reduction |
